

Product Information

Five Star E-Z Mount Liquid™

Tire Mounting & Rubber Lubricant

- Economical Liquid Rubber Lubricant
- Tire Mounting & Demounting
- Protects Against Oxidation
- Stops Rubber Squeaks

Five-Star E-Z Mount Liquid™ is a superior tire mounting and rubber lubricant. Lubrication is essential in tire mounting and demounting service. Be sure to lubricate with Five-Star E-Z Mount™ to protect against bead damage and help form a seal between the rim and the bead of the tire. Five-Star E-Z Mount™ is designed to eliminate squeaks on rubber mountings, shackles, chassis parts, grommets, insulating strips or pads, and other rubber parts. Five-Star E-Z Mount's special formulation protects metal and rubber against oxidation. Prevents leakage in tubeless tires.

Directions:

Mounting: Clean sealing areas with E-Z Mount Liquid™ using a brush. Wipe clean. Using a swab or brush, apply E-Z mount Liquid™ to tire beads and both bead ledges. **Demounting:** After the bead is broken from the rim, and before demounting, apply E-Z Mount liquid™ to bead with a swab or brush. Demount easily. **Note** always mount and demount tires from the narrow side of the rim.

Available Products:
