Mr. Leon Smith IV
Vice President Sales & Marketing
Niagara Lubricant Company, Inc.

Dear Mr. Smith:

As the spec tire manufacture for Professional Motorcycle racing, we are always searching for the highest quality products to use with the highest level of riders in America. On a average race weekend, we mount and balance approximately 1000 race tires. For that reason, it is important for us to find the right tire mounting lubricant to make the mounting process easier and more efficient. The proper tire lubricant is crucial to successfully completing the job without damaging the tire.

When it comes to tire mounting, there is only one choice for us, and that is *Niagara Lubricants Five Star Tiger Paste*. We want you to know that we are very pleased with the quality of your products your company provides. We sincerely appreciate your responsiveness and the way you conduct business. We have recommended your company to others because of our satisfaction with both your service and products. We look forward to doing business with you for years to come.

Sincerely,
